

# William Emery

Address: 69 St John's Road, Bathwick, Bath BA2 6PZ

Email: [will12emery@googlemail.com](mailto:will12emery@googlemail.com)

Phone: 07797 197914

Date of birth: 14/11/1995

I am a highly motivated, enthusiastic worker, with several years experience working in a variety of settings. I am currently seeking new opportunities which will build on my previous experience. My existing role involves working in a team and on my own, completing tasks accurately and to meet deadlines, in a stressful environment.

## **Work**

Atelier Nursery - Work Experience - 2014-April 2015

Whilst doing work experience at Atelier nursery, I helped to set up rooms and plan activities for the week. I would assist with mid morning and mid afternoon snacks in addition to main meal times and cleaning up after the primary meals each day. I would work one on one with some children during the day.

Acheson & Acheson Ltd, Trowbridge BA14 0BP - April 2015–May 2022

The company manufactures toiletry gifts and items for sale through high street retailers, who demand very high quality. I initially worked as a Packer, and was then promoted to the role of Returns Assistant, which I did for 14 months. This role involved checking and recording the components being returned to the warehouse from the gift assembly area, and accuracy and speed were essential. I recently chose to return to the Packing team in order to concentrate on my search for new opportunities closer to home, particularly as the working hours have recently changed and the travelling distance from Bath has become an issue so early in the morning.

Oriel Lodge, Care Home, Bath, BA1 7AS - May 2022-October 2023

I have been working as a Care assistant at Oriel Lodge for most of the past year providing high quality care to the residents under our care. The role included providing personal care in both the mornings and evenings as well as more general care throughout the day. The role also included tidying residents rooms and ensuring laundry is put back in the correct rooms. I am seeking to leave this role to find a role with more consistent hours that do not require me to work weekends.

## **Education**

2012–2014 – City of Bath College

Childcare Learning and Development Level 3

The course was partly college based and partly nursery based, working with children with many different needs. This course allowed me to develop social skills and team working.

2007-2012 – Beech Cliff Secondary School, Bath

9 GCSE's obtained

Whilst at Beechen Cliff I was a Leader of the school's Eco Council and a Leader of Byron House Council. I was awarded the Edward Mabe Memorial Prize, and was an enthusiastic participant in several school productions.

**Other achievements/qualifications**

Fork Lift Truck (Reach truck) licence holder

Whilst at St Mary's School I was awarded the Good Samaritan Cup, which was voted for by the other children and was for being helpful and supportive to the younger children.

I also have qualifications in Judo and in Kayaking.
